

Installer promotion

VIESSMANN

Promotion runs from July 2018 to November 2018

Intelligent heating control with Viessmann

Buy any 5 Vitodens boilers and claim a tado° V3 kit

tado° is a smart thermostat and smartphone app, which is compatible with all Viessmann boilers.

Each Starter Kit includes an Internet Bridge to connect to your router, which provides Internet connection to all tado° devices.

The smart thermostat manages your heating system in place of a wired room thermostat (for use with wireless when used with the extension kit).

Fill in the reverse of this form to take part in this promotion.
